DREAM

Dynamics of the REsources and technological Advance in harvesting Marine renewable energy

PN-III-P4-ID-PCE-2020-0008

We are pleased to invite you to our Workshop
with international participation:

*“ADVANCES AND CHALLENGES OF THE DREAM
PROJECT IN THE CONTEXT OF THE EUROPEAN
GREEN DEAL”*

June 11, 2021

“Dunărea de Jos” University Galați
Faculty of Engineering, P Building, 14 hours
Room P7 and TEAMS platform

The DREAM project aims to evaluate the expected wind dynamics until the end of the 21st century considering different RCP scenarios. The most relevant European coastal environments are targeted, including also the Black Sea. The synergy between the marine energy resources is also assessed and the advance of various technologies is evaluated. Finally, another important objective is represented by a more comprehensive assessment of the near and far-field effects of marine enerav farms.

DREAM WORKSHOP

*“ADVANCES AND CHALLENGES OF THE DREAM
PROJECT IN THE CONTEXT OF THE EUROPEAN
GREEN DEAL”*

June 11, 2021

Organizing Team

Prof. Eugen RUSU – Project Manager
Prof. Kostas BELIBASSAKIS
Prof. Liliana Celia RUSU
Prof. Florin POPESCU
Assoc. Prof. Sorin CIORTAN
Assoc. Prof. Florin ONEA
Dr. Răzvan MAHU
PhD Matia BURLOIU

The Workshop will be hosted by:

“Dunărea de Jos” University Galați
Faculty of Engineering
Galați, 111 Domnească Street, P Building
14 hours, Room P7 and TEAMS platform
