

NATIONAL TECHNICAL UNIVERSITY OF ATHENS
SCHOOL OF NAVAL ARCHITECTURE & MARINE ENGINEERING
SECTION OF SHIP & MARINE HYDRODYNAMICS

To: Associate Professor Sorin CIORTAN
Department of Mechanical Engineering
University "Dunărea de Jos" of Galați,
47 Domnească St., 800008 Galați, România

CERTIFICATE OF PARTICIPATION

We are pleased to certify that Associate Professor Sorin CIORTAN participated in the period 22-24 November 2022 to the workshop entitled "*Present and perspectives in extraction of marine renewable energy in the European coastal environment*" organised in the Section of Ship & Marine Hydrodynamics of the School of Naval Architecture and Marine Engineering, National Technical University of Athens (NTUA).

In this workshop Associate Professor Sorin CIORTAN presented the work entitled:
"Selection of the offshore wind farms locations using an artificial neural networks approach"

The workshop was followed by a "Round table" where the achievements of the objectives targeted in the first two years of the DREAM project (Dynamics of the REsources and technological Advance in harvesting Marine renewable energy) have been analysed together with a discussion concerning the future steps that should be taken to accomplish all the expected results.

Yours sincerely,

Kostas Belibassakis
Professor
